DETAILED ACTION

1. The finality of the rejection of the last Office action is withdrawn. Newly applied rejections follow.

Claim Rejections - 35 USC § 101

2. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 11-23 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter in light of the interim guidelines. The claims do not provide a transformation, nor do they provide a useful, concrete and tangible result that is practically applied since designing is simply an abstraction.
